DETAILED ACTION

Drawings

1. New corrected drawings are required in this application because of informal drawings. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

2. Figures 1A, 1B, 2, 3, 4A, 4B and 5A-5C should be designated by a legend such as --Prior Art-- because only that which is old is illustrated. See MPEP § 608.02(g). A proposed drawing correction or corrected drawings are required in reply to the Office action to avoid abandonment of the application. The objection to the drawings will not be held in abeyance.

Specification

3. The disclosure is objected to because of the following informalities:

The examiner suggests updating status of the cited applications, for example, page 1, line 11, 09/563,292 should be US Patent 6,351,246, and filing the correct application number instead of XX/XXX,XXX in the specification if appropriate.

Appropriate correction is required.

Claim Objections

4. Claims 1-26 are objected to because of the following informalities:

T_s should be defined in claims.

Appropriate correction is required.

Allowable Subject Matter

5. Claims 1-26 would be allowable if rewritten to overcome the objections, set forth in this Office action.

6. The following is a statement of reasons for the indication of allowable subject matter: the prior art fails to teach and suggest an apparatus comprising removing DC components from the mixed signal, outputting a resultant signal wherein an initial peak of the resultant signal is proportional to energy included in the mixed ultra wide bandwidth signal and post signal decay of the resultant signal to zero occurs in T_s time.

Conclusion

7. This application is in condition for allowance except for the following formal matters:

The objection as described above.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
